Guidance to be Considered in Nominating Process

Leaders come in all shapes and levels of experience; therefore, it is impossible to set definitive criteria which if met, will guarantee a strong, successful leader. It is unlikely the Board would function if all individuals serving in the various offices were strong, successful leaders with the same qualifications and experience. The USSD Board, like any other, needs a diverse group of individuals who are committed and loyal to the organization, who possess knowledge of the workings of the various committees, who are willing to commit the time and energy needed to serve in a leadership role, and who bring to the table a perspective that is representative of some portion of the membership.

With that in mind, the following criteria are offered for consideration of any member nominated for office.

- **Commitment:**
 - Has the individual been an active member of USSD for significant period?
 - Has the individual served on one or more committees? If so, on which committee(s) did they serve, and what role did they take in helping the committee(s) achieve its goals?
 - Is this individual able to commit the time and energy to prepare for and actively participate in Board activities?
- **Leadership:**
 - Has the individual served in a leadership role of one or more committees?
 - Has the individual led an initiative that has had a significant impact on the industry?
 - Has this individual exhibited the ability to collaborate and work well with diverse groups of people?
 - Does this individual exhibit the ability to adapt to the challenges and the uncertainty that may arise from working with a nonprofit organization?
- **Knowledge of the Organization:**
 - Is the individual familiar with the organizational structure, and do they understand the relationship between the committees and the Board?
 - Has this individual exhibited a commitment and ability to learn and/or improve their knowledge of working within a nonprofit board structure?
- **Support of Employer:**
 - Does the individual have the support of their employer—specifically, will they provide time so that this person can attend all Board functions, including regular Board meetings, Regional and National meetings, work sessions, and some committee meetings?
 - Is the individual aware that financial support could be needed for events not paid for by USSD?
- **Diversity:**
 - Will the individual contribute to the diversity of leadership of USSD through one or more of the following: Employment, geographic representation, gender/ethnicity, or professional experience?

Board Description and Positions

The members of the BOD will support the work of USSD and provide mission-based leadership and strategic governance. Specific Board Member responsibilities include:

Previous experience as a committee leader is strongly recommended. Individuals seeking a Board position are required to be members in good standing of USSD.
